- 1.5. All transactions to which these Conditions apply and all connected matters will be governed by and construed in accordance with the laws of Scotland and all parties concerned submit to the exclusive jurisdiction of the courts of Scotland save that the Agent and the Seller may bring proceedings against you in any other court of competent jurisdiction to the extent permitted by the laws of the relevant jurisdiction.

#### **VAT PROCEDURES FOR EXPORT OF GOODS**

##### **Deposits procedures**

##### **EU Countries**

Where goods purchased at auction are to be exported it may be possible for the goods to be sold without adding VAT. If you intend to export goods you must inform the auction staff at the auction of your intention to export who will issue a zero rated invoice if appropriate. If you are exporting to another EU country, you must provide auction staff with your name, address and EU VAT number. These details will be included on the sales invoice. If you do not have a valid EU VAT number, VAT will be charged at the appropriate rate. All buyers must pay a refundable deposit equal to the amount of VAT that would otherwise be payable. This must be paid prior to the goods being removed. This will be held by us and refunded once we receive satisfactory proof of export. In order for the VAT deposit to be refunded, all goods must be exported and proof of export provided (see below) within 3 months of the date of the auction. If we do not receive suitable evidence of export within this time we will keep the VAT deposit and issue an invoice charging VAT at the appropriate rate. VAT will always be payable on any buyers premium. Original documents must be provided in order to refund the VAT.

##### **Non-EU Countries**

If you intend to export goods you must inform the auction staff at the auction of your intention to export who will issue a zero rated invoice if appropriate. All buyers must pay a refundable deposit equal to the amount of VAT that would otherwise be payable. This must be paid prior to the goods being removed. This will be held by us and refunded once we receive satisfactory proof of export. In order for the VAT deposit to be refunded, all goods must be exported and proof of export provided (see below) within 3 months of the date of the auction. If we do not receive suitable evidence of export within this time we will keep the VAT deposit and issue an invoice charging VAT at the appropriate rate. VAT will always be payable on any buyers premium. Original documents must be provided in order to refund the VAT.

##### **Proof of export**

Evidence must show that the goods you have been supplied with have left the UK.
